

ParishWebmaster.com Effortless eMinistry™ Web Site Solutions

Let us build your Web site and we'll give you
1 Year of our Effortless eMinistry™ Standard Solution FREE!

ParishWebmaster.com Web Site Custom Solution:

The Web Site Custom Solution is a customized Web site created using Microsoft FrontPage 2000 (FP). You are able to choose from (i) any of the FP built-in themes, (ii) any third-party FP theme (may incur additional cost), or (iii) a standard two- or three-column layout with the colors and graphic of your choosing*. Your Web site will included integration of our automated content feeds, your choice of up to twenty (20) standard pages, and five (5) CGI scripts (Contact Us form, Tell-a-Friend form, eZine Subscription form, Guest Book, and No-Kill Pop-Up Box).

The Web Site Custom Solution also includes one year of the Effortless eMinistry™ Standard Solution (a \$420 value). You will have a customized Web site and a self-running eMinistry program all for one low price.

Web Site Custom Solution\$900.00

Web Site Custom Solution w/1-year Web Hosting \$1140.00

The Web Site Custom Solution includes these pages:

- Home
- Weekly Reflection (automatic content)
- Faith & Spirituality (automatic content)
- Catholic Catechism (automatic content)
- Family (automatic content)
- Self-Improvement (automatic content)
- Humor (automatic content)
- Back in the Spotlight (automatic content)
- Teen Issues (automatic content)
- More Teen Issues (automatic content)
- Teen 2 Teen (automatic content)
- More Teen 2 Teen (automatic content)
- Contact Us
- Guest Book
- Six (6) other pages of your choosing

The Web Site Custom Solution is built using Microsoft FrontPage 2000 (FP), which is a popular HTML editing suite. FP offers almost seventy (70) themes you can choose from, or we can build your Web site using one of the hundreds of themes available online. (For examples, go to www.Google.com and enter "FrontPage +themes", sans quotation marks.)

The Web Site Custom Solution must be hosted by an Internet Web hosting company. You can procure your own provider or ParishWebmaster.com can do so on your behalf. The hosting solution we use is a Unix platform and includes:

- 1000 MB Storage
- Unlimited Bandwidth
- Unlimited Email Accounts
- 12 FTP Accounts
- Static IP Address
- Extensive Documentation & Help
- Full Web-Based Administration

*This is a standard Web site hosting account, so your site is not limited to the host's pre-defined templates. However, we encourage our clients to work within the limitations of the FrontPage themes in order to simplify site creation and updating. Using the FrontPage themes, you will be able to change the look and feel of your Web site with only a few mouse-clicks (licensed version of FrontPage required). If you choose a standard two- or three-column page design without a theme, such changes and updates cannot be done en masse, and will be subject to additional hourly fees based upon the ParishWebmaster.com hourly rates for Web design (currently \$30 to \$50 per hour, depending upon type of work being performed).

The ParishWebmaster.com Web Site Custom Solution requires some general knowledge of Web site design OR the expenditure of additional funds in order to make changes and updates to the site, but it is the most flexible of our Web design packages.
